## Where am I covered?

- ✓ Within the geographical areas described in the policy schedule, including whilst in transit.

## What are my obligations?

- You must maintain your hardware and keep a record of all maintenance and data backup carried out.
- You must back up data at the frequency stated in the policy schedule and store this away from the premises.
- Your computer system must be protected by malware protection software and a firewall.
- You must ensure that access to your computer system is authenticated by individual user identification and password and that remote access is separately authenticated.
- You must have an information security policy.
- You must provide us with honest, accurate and complete information whether you are taking out, renewing or making changes to your policy.
- You must observe and fulfil the terms of your policy as failure to do so could affect your cover.
- You must pay the premium.
- You should inform us without delay of any material changes to your risk. If you do not inform us about a change it may affect any claim you make or could result in your insurance being invalid. Following a change we may need to apply additional terms, which you must observe, or require you to pay an additional premium. You may also need to take action, if so we will advise you.
- In the event of a claim, we must be notified as soon as possible (within 7 days) and you should contact your insurance broker. You should take all reasonable steps to minimise the loss and ensure that all responsible parties are held liable.
- You must not waive any rights you have against third parties.

### When and how do I pay?

- Typically, annually at inception. Your premium may be subject to adjustment on expiry, based on a declaration of actual values.

### When does the cover start and end?

- Typically, the policy is for a period of 12 months commencing on the date stated in the policy schedule.

### How do I cancel the contract?

- You may cancel this policy by giving us notice. Please refer to your policy document for information on how to do this.
