

## Classes Underwritten

### Cargo

#### Cargo

Domestic transits, imports and exports; by road, rail, sea and air.

#### Stock Throughput

Typically import, intermediate static exposure and final distribution.

#### Worldwide Installation

Adding installation cover to a Cargo or Stock Throughput policy.

### Engineering

#### Contractors' All Risks

Building projects, including temporary works, plant, tools and materials.

#### Erection All Risks

Including testing and commissioning.

#### Contractors' Plant

Own and hired-in plant and equipment.

#### Computer Cyber

Protection for hardware, data and cyber risks.

#### Machinery Movement

From dismantling through to installation, including transits by land, sea or air.

#### Machinery Damage

Bespoke cover against sudden and unforeseen damage, plus damage to own surrounding property; damage to lifted goods

#### Deterioration of Stock

Perishable goods in warehouse-type cold stores.

### Marine Trade

#### All-in-one protection for the marine trade industry

Cover can be provided for public liability, employers' liability, buildings and contents, business interruption, goods in transit, exhibitions, tools, money and stock boats.

### Terrorism

#### Stand-Alone

Property damage (buildings and contents) and business interruption.

#### Other Terrorism Cover

Cover is also available to compliment the static elements under our stock throughput, CAR/EAR and computer policies.

### Liability

#### Freight Liabilities

Hauliers', freight forwarders' and warehouse keepers' liabilities.

### Marine Equipment

#### ROVs, AUVs, survey and other marine equipment

In transit and while topside, in use and ashore.

### Motorsport

#### Vehicles, trailers, tools and equipment

In transit, in storage and at motorsport events, including pits, paddock and parc fermé.
