15 Declaration

The proposer must ensure that they make a fair presentation of the risk when proposing for this insurance, and so they must check that the information in this Proposal Form is correct. The proposer must also make a fair presentation of the risk when renewing or varying the insurance.

A fair presentation is one where they:

- Clearly disclose every material circumstance which is known or ought to be known by the proposer, or which is sufficient to prompt insurers to make further enquiries;
- Make disclosure in a manner which is reasonably clear and accessible; and
- Ensure that every material representation as to a matter of fact is correct, and every material representation as to a matter of expectation or belief is made in good faith.

If the proposer is in any doubt as to whether to disclose something then it is normally better to disclose it, but they should consult with their insurance broker if they have any questions as to the presentation.

Failure to make a fair presentation may lead to:

- The voidance of any insurance effected, resulting in no claims being met; or
- Different terms being imposed, which might mean an increased premium, excess or reduced cover; or
- The reduction of the amount of a claim payment.
